Hello,

I wondered if IDW Publishing would be interested in having an activation at Trek Long Island, the only Trek Convention on Long Island, New York from June 12- 14, 2026 in order to drive attention/traffic/awareness to the IDW Digital Comics Experience App?

We could work together to have a presence, be it digitally or in person showcasing the licensed anthologies offered. We have an iPhone app and an Android app is forthcoming for the Trek Convention and it would be a theme match and it would be great thing if we helped expand your audience by working together.

Let me know your thoughts.

Warm regards,

Bryan Carroll,

Mobile Application Developer, Trek Long Island

I'm really having a hard time.Nailing down large sponsors yet. I think they want to see more of with the convention is. After I finish announcing, i'm going to do a big push.
