Hello,
I went ahead and wrote an iPhone App for Trek Long Island and it looks like the screenshots attached. It is a basic app but it conveys a Welcome Screen, a Info Tab on Guests and a WebLink to the Schedule on the Website and could be improved on for next year with more features. With the go ahead, I can submit it to Apple for release as a free download.

Hope this helps.

Best,
Bryan Carroll

That would be awesome!

Thank you!!!
